TWO PHARMACIES ROBBED AT CAPITAL

\$294 Seized by Bandits in
Drug Store Holdups at
Indianapolis.

INDIANAPOLIS, Sept. 20.—Two thugs entered the drug store of U. C. Gosselin, on West Morris street, last night and pointing revolvers at J. Lee Miller, clerk, compelled him and Adrian Kendall, 14 years old, 1446 Lee street, soda dispenser, to take behind the prescription counter. While one of the robbers held a revolver on Miller and the boy the other went through the soda cabinet and the cash register in the store taking \$294.

Last night, about 11 o'clock, two men answering the same description entered Ivan Chaplin's drug store, on West Thirtieth street, and compelled Ed Hall, clerk, and Martin Cochran, soda clerk, to go to the basement. While one of them held the two at the point of a revolver, his companion went through the cash register, taking about \$296. At both places, it is said the robbers were young and well dressed.

Miller said he was at the cash register getting ready to close for the night and Kendall was standing at the side of the soda counter a few feet away, when the men entered each of them, but holding the guns so they could not be seen from the street, the thugs ordered the clerk to go behind the prescription counter.

When the thugs left Miller turned out the light and called police headquarters. Sergeant Albion and an emergency squad investigated.

After Hall and Cochran had been taken to the basement of Chaplin's store and told to stand with their faces toward the wall the robbers, who went through the cash register returned to the basement and searched Hall, taking his money and valuables. He then asked Hall if he was the proprietor, and when told he was not returned his money.

As they left the store there was a customer coming in. The thugs told him to wait a few minutes as the clerk would be up, as he was in the basement.

BAKER WILL ENTER CAMPAIGN IN 1924

Candidate, Defeated by Town-
send, Will Again Seek
Seat in Senate.

PETOSKEY, Mich., Sept. 20.—Commenting today on the political situation, State Sen. Baker said: "The support I received from both expected and unexpected quarters gives me considerable encouragement toward entering the 1924 primary for United States senator."

"This, I now plan to do. I now know that a movement is well under way to eliminate me from consideration at that time, which my opponents figure to accomplish by having Sen. Newberry resign, and Gov. Grosbeck resign, thus elevating Lieut. Gov. Reed to the executive chair."

"Reed will then appoint Grosbeck United States senator to fill the vacancy caused by the resignation of Newberry, according to their schedule, and Grosbeck will have the prestige of being in office and asking for re-nomination."

Senator Baker left Tuesday evening for Cadillac, where he is connected with the Michigan Potato Growers' association.

OWOSSO, Mich., Sept. 20.—The picture of a six-year-old girl, found on the body of John Adams, salesman of New York, killed in an automobile accident near Laingsburg, Sunday, is the only clue now in possession of the officials, by which they hope to locate his relatives. Several addresses found in Adams' clothes have been followed, but no one knew him. THREATEN HARM TO SYRACUSE OFFICER

Warsaw Police Officers Also
Threatened for Campaign
on "Moonshine."

WARSAW, Ind., Sept. 20.—Warsaw police officers and Constable B. O. Mahle of Syracuse, because of their activities in raiding moonshine dens and arresting liquor law violators have received letters in which threats are made to shoot them and to "burn them out," the inference being that the writer of the anonymous communication meant to convey the information that he and others engaged in the illicit manufacture of intoxicants would fire the homes of persons who in any way interfered with their operations.

The fact that such letters had been received by the officers was brought out today in the court of Mayor J. A. Sloan of Warsaw, when Howard Silvius of near Monoquet was placed on trial. He admitted manufacturing whiskey and gave the names of his numerous patrons in Warsaw and the surrounding community. Sentence in the case was reserved by the mayor pending an investigation of certain phases of the case by police officers.

William Kreeger, 1078 Morrell st., drew the other \$1,000 fine. He was arrested when a patrolman stopped him to tell him his truck had no tail light burning. Then the policeman discovered 3.360 pints of beer on the truck.

Henry O'Neil, 1313 Catherine st., charged with selling liquor, drew the next heaviest fine, \$550.

McArdle Warns Against State Coal Profiteering

INDIANAPOLIS, Sept. 20.—(By I. N. S.)—Recognition of coal is being practiced in Indiana, keeping coal prices up, John M. McArdle, chairman of the public service commission, warned officials of railroads operating in the state in a letter today. The letter warned the railroads that recognition is unlawful unless authorized by the public service commission and violation of the law to this effect carries a penalty of \$1,000 which may be assessed against the offending road.

"Profiteering is going on to such an extent," the letter said, "that prices of Indiana coal have advanced to over \$9 a ton to consumers."

The letter sets forth that the commission has information that side tracks of railroads operating in coal fields are filled with loaded coal cars.

Simultaneously with the despatch of the letter, Mr. McArdle urged coal consumers and retail dealers to buy directly from the coal operators whenever possible.
